

# MultiFLOW

*The Professional's Must-Have Air & Fluid Gun*

Whether the job calls for cleaning with air or with fluid, drying or cooling, MultiFLOW - Air & Fluid Gun provides power on demand when and where it's needed.

- Cleans with air or fluids
- Offers unmatched blowing force
- Provides adjustable flow control
- Reduces hose whip and noise
- Prevents occupational injuries with non-slip grip
- Withstands tough handling

# MultiFLOW

## Adjustable Jet Nozzle

Nozzle adjusts flow from narrow jet to wide beam for specific cleaning needs.

## Adjustable In-Flow Settings

-allow users to select precise flow needed for specific applications resulting in managed power and energy savings. "Save" setting programs flow for repeat applications.

## Anti-Whip Function

Integrated steel nipple/adaptor vents downstream pressure when disconnecting, thereby reducing hose whip and noise.

## Technical Data

Air Flow:	7-42 CFM (200 l/min - 1200 l/min)
Fluid flow:	5 l/min - 25 l/min
Air sound level	79 dB - 101 dB
Max. working pressure:	232 PSI (16 bar)
Min. burst pressures:	928 PSI (64 bar)
Material:	POM, TPE, Aluminum
Seal material:	NBR (Nitrile)
Temperature range:	-4°F to + 140°F (232 PSI, 16 bar)
Temperature range:	-4°F to + 176°F (145 PSI, 10 bar)
Media:	Air and non-explosive, water based liquids
